

## Access to affordable health care is **widely recognized** as a national issue.

Like other members of the health care community, LabCorp wants to help. LabCorp is making available its LabAccess Partnership (LAP) program to assist the uninsured population in obtaining and/or continuing access to quality laboratory services.

### What is the LAP Program?

The LAP program is a menu of routine clinical tests that are available to uninsured patients at discounted prices when those patients use LabCorp Patient Service Centers (PSC) for specimen collection. A list of LAP tests and their discounted fees is enclosed.

### Who is eligible for the LAP Program?

The LAP program is available to self-pay patients who are uninsured or whose health care benefits exclude coverage for clinical laboratory testing services.

### How can uninsured patients participate?

Patients must present their test request paperwork at a LabCorp PSC for specimen collection. A list of PSCs, including hours of operation and directions, is available by calling toll-free 888-LabCorp (522-2677) or by visiting the LabCorp Web site ([www.LabCorp.com](http://www.LabCorp.com)).

LabCorp is pleased to make the LabAccess Partnership program available to uninsured patients. If you have questions or would like additional information, contact your LabCorp representative.

**NOTE:** Patients with prior unpaid laboratory charges may not be eligible for the program until overdue balances are satisfied.

**To access the LAP Program,**  
patients must pay the discounted fees of the ordered laboratory tests in full at the time of service.

Test No.	Test Name	LAP Price
006056	ABO Grouping	\$12.00
006049	ABO Grouping and Rho(D) Typing	\$24.00
503890	Adalimumab and Anti-Adalimumab Antibody (Serial Monitor), DoseASSURE™ ADL	\$240.00
008649	Aerobic Bacterial Culture, General	\$41.00
008649	Aerobic Bacterial Culture, General	\$41.00
180803	Aerobic Culture, Extended Incubation	\$41.00
