

Medina
Community Clinic

Specialty Healthcare for those in Need

Our Mission/Vision

Medina Community Clinic is a 501(c) (3) non-profit that aims to provide at no cost to the underserved members of our community quality health services, focusing on specialty healthcare.

We envision a community where every individual has access to basic and advanced quality healthcare and where people enjoy their right to lead a healthy and prosperous life, regardless of their socioeconomic status.

Who We Are

Medina Community Clinic is a platform for specialty healthcare providers who volunteer to serve uninsured and underinsured populations. Our panel of providers consists of physicians across many specialty fields who commit to providing pro-bono medical care. We are a network that connects uninsured and underinsured patients with specialty healthcare.

A Patient Care Navigator works with patients to facilitate appointments and helps patients navigate through the healthcare system.

- Spanish speaking Coordinator on our team.
- Transportation is also provided if needed.

Judith Hamilton, Patient Care Navigator
